PLATINUM PROTECTION SERIES™

For a safer, more peaceful ride.

Introducing the
Platinum Symphony™ LX All-In-One Car Seat

Our award-winning Platinum Symphony™ LX Car Seat boldly carries forward our passion for products that contribute to a safer more peaceful ride.

What is Platinum Protection?

- **OUTLAST® Technology**, a temperature-regulating fabric that keeps your baby comfortable during hot or cold weather, which means a safer, more peaceful ride for everyone.
- **Buckle Pockets** neatly and smartly tuck the buckle tongues away — making it easier and safer to get a child in and out of the seat. No more digging around for lost buckles or hot buckle tongues during warm weather that can burn your child.
